

New Online Theory Certification Course for Laser Tattoo Removal (LTR)

Our existing Laser Tattoo Removal theory based course will soon be available online. (Oct 2017) - Designed to deliver full education on all aspects of conducting laser removal of tattoos using nano & pico technology.

LTR Theory course learning outcome:

Become aware of all the vital information you'll need to have before using any tattoo removal lasers, understand what is involved and how the treatments work, what makes a safe operator and what you'll need to have in place to abide by regulations and best practice. Designed to be followed up with hands on practical education on your machine, in your clinic. Extra fees apply.

Study online for up to 6 weeks, anywhere, anytime with our interactive learning platform.
